

PROPERTY COMMITTEE

The property committee is responsible for the oversight, maintenance, and security of the physical facilities of the church, sidewalks, play area and lawn.

The year 2011 was busy for the property committee and the volunteers who worked to improve the church. During this time, we completed the following tasks:

- Under Bob Lightner's direction, we handled a number of insurance issues.
- Paul Wolfe continued to devote himself to the maintenance and appearance of the building. His work included:
 - Plastering in the rear of the choir loft and below the windows and the back of the stage in the Fellowship Hall
 - Maintenance and inspection of the boilers
 - Repair of the flush valves on the toilets in Women's Downstairs Bathroom
 - Replacement of windowsills on the Sanctuary's North Windows and replacement of part of the wood frame on the north attic vent
 - Placement of a load of topsoil on the flower beds
- Andy Easley replaced the PA system in the Fellowship Hall
- James Mader purchased and installed a new air conditioner in Kay Mader's office. He also mowed the grass all summer.
- Linda Licklighter, Darlene Mason and Pat Blackley dusted and vacuumed the Sanctuary, Narthex, Parlor, Balcony and Oak Room.
- Betty Clemmer spot cleaned the carpet and replaced the drapes in the Parlor
- Melissa Archer created a library and reading room.
- Betty and Trenton Casiday cleaned the patio carpet and kitchen.
- Dan Williams worked with Verizon to install a new less expensive Internet service. He also relocated the church website and email account.
- Chuck Blackley trimmed and weeded the shrubs and weeded the sidewalks and steps.

We contracted with Messer Landscaping for snow removal during the winter of 2010 / 2011 and the committee provided additional snow removal as well. We plan to contract with Messer Landscaping again for winter 2011 / 2012.

Buck's Painting painted the North exterior wall of the Sanctuary. With the completion of this painting, we have finished weather proofing the building, with the exception of repairing the parapets above the classroom roof and painting the old brick surrounding the patio. We plan to contract with Buck's Painting to repair and paint the parapets in 2012 and to paint the old brick in 2013.

Thanks go to our committee members: Paul Wolfe, Andy Easley, Bob Lightner and James Mader for their work during this past year and to the volunteers who worked to improve the property.

Special thanks go to Carolyn Brown for her beautiful flower garden.

And, thanks go to you, the congregation for your support throughout the year.
